

**DISCLOSURE regarding EMR subsidy by QHS MSSP ACO to Certain Participant Providers under the CMS Pre-Participation Waiver**

Queen’s MSSP ACO, LLC (“Queen’s ACO”) plans to participate in the Medicare Shared Savings Program (“MSSP”) as an accountable care organization (“ACO”). In connection with its ACO activities, Queen’s ACO has entered or shall enter into “Software and Services Agreements” with The Queen’s Medical Center (“QMC”) and certain health care providers that intend to participate in Queen’s ACO. Under the Software and Services Agreements, QMC and Queen’s ACO shall extend the access and use of QMC’s electronic health records system (“EHRS”) to the participating providers and will subsidize the cost of the EHRS software and associated services.

The Queen’s ACO Board of Managers reviewed the form of the Software and Services Agreements and determined that such agreements are reasonably related to the purposes of the MSSP because they promote accountability for the quality, cost, and overall care for a Medicare patient population; assist with the managing and coordinating care for Medicare fee-for-service beneficiaries through Queen’s ACO; and encourage investment in infrastructure and redesigned care processes for high quality and efficient service delivery for patients, including Medicare beneficiaries.

To date, Queen’s ACO has entered into a Software and Services Agreement with the following health care providers:
